

## 5.) How do I share the application with others?

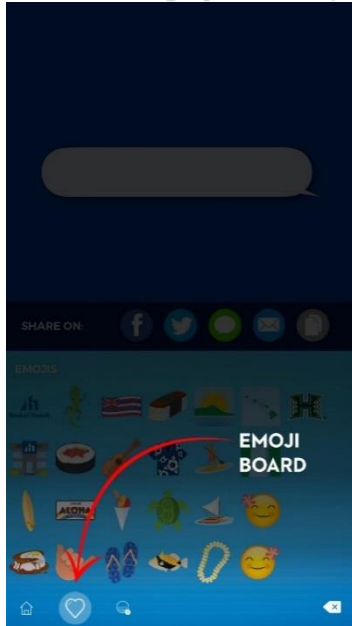

On the right side of the app, you can press the “Share” button that will lead you to your default messenger. This will then allow you to share a link to the Apple or Android store, depending on the device you are using.

## 6.) Do you need the app to receive emoji from the Hawaiimoji app?

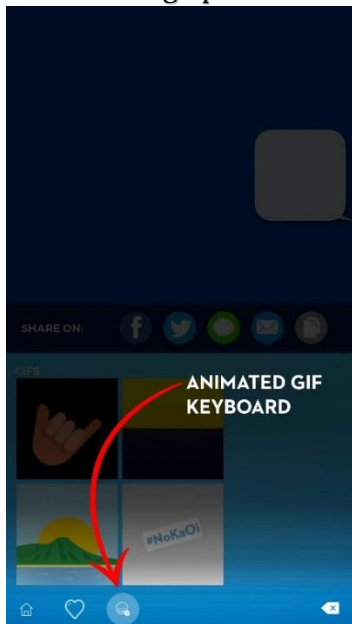

No, you do not need to download the Hawaiimoji app in order to receive emoji.

### Quick Guide:

1. How to bring up the emoji board within the Hawaiimoji app

2. How to bring up the animated gif board within the Hawaiimoji app

3. How to copy an emoji to your clipboard (iPhone Only)
